**Accounts Payable,
AR & GA**

TRANS FORMER

Letting processes run without looking for ways to Improve them? No way! enter the **TRANSFORMERS!**

These individuals think out of the box & are always on the lookout for means to make processes more efficient by exploring automations, new ways of working and by changing static mindsets. With them around, things are always evolving and transforming!

**Bi-Annual
sCore
Awards
2026**

CONGRATULATIONS

Bharat Jain

Automation Lead @
AR & GA

Bharat has quickly established himself as a dependable leader, demonstrating exceptional agility along with consistent ownership of his contributions. He successfully drove the relocation of **150+ automations** to MGSC India, played a key role in optimizing the EURO currency transition across **Bulgarian automations**, and supported the seamless **LUCA rollout for Croatia**. His outstanding efforts in automating redundant workflow operations across multiple teams have strengthened confidence in the Indian GSC team's capabilities and ensured flawless execution. Through his proactive approach, Bharat took ownership of **DSC and Delivery** automations, developing a new **Open Protocol Database** framework that standardized processes, enhanced governance, and improved reporting efficiency and visibility. His focus on continuous improvement, compliance, and **process optimization** has delivered measurable impact, elevating overall team performance and operational effectiveness.
